

# LEVEL UP

## EARN SOME BUCKS

Help your children take their savings to the next level by teaching them how to earn some bucks. Like you, they have to work to score the cash they need to buy the things they want.

Using the Fat Cat Bucks below, your children can write in what "job" they plan to do to earn some money. They can place the bucks in their 30-Day Kids' Challenge savings jar along with their coins or exchange the bucks for real-life cash to add to their Fat Cat account at the end of the month.

add some color!

write in your own choices!
