Roth IRA

A Roth IRA enables you to make nondeductible contributions into a retirement account in which earnings grow tax-free and can be withdrawn tax-free at retirement, because the contributions are made with after-tax dollars.

Account Ownership Types

We offer several types of account ownership to give you flexibility in choosing who can access and be responsible for the funds in your accounts.

- ▶ An Individual Account is in the name of one individual member of the Credit Union.
- ▶ A Joint Account is owned by two or more LGFCU members with the right of survivorship.
- ▶ A Payable Upon Death (POD) Account will release funds only to designated beneficiaries.

Uniform Transfer to Minors Act (UTMA) Account

The Uniform Transfer to Minors Act (UTMA) allows for an irrevocable gift to a person under 21 years of age. While the funds deposited into a UTMA account are owned by the minor, the adult custodian acts on behalf of the minor and any withdrawals from the account must be used for the benefit of the minor.

- ▶ To qualify, either the minor or the custodian must be a member of LGFCU. There can be only one custodian and one minor per account.
- ▶ Dividends are taxable income to the minor child, not the custodian.
- ▶ When the minor reaches age 21, the custodian must transfer the funds to a new account established in the former minor's name, if eligible.

Personal Agency Account

A Personal Agency Account allows someone to carry out account transactions for individuals who are unable to do so for themselves.

- ▶ When a member needs someone to carry out account transactions for them because, for whatever reason, they are unable to do so, the member has the right to appoint another person to act as agent for them in depositing and withdrawing funds from their account.
- ▶ The Personal Agent does not have any claim to the funds in the account.
- ▶ The Personal Agent's authority ends upon death of the account owner.

Trust Deposit Accounts

Trusts give legal instructions regarding how you want your property and assets to be managed and then pass to your beneficiaries. LGFCU offers both Irrevocable Trust and Revocable Living Trust deposit accounts.

- ▶ The trustee has control of the assets/funds, which are not subject to probate.
- ▶ At the time the account is opened, the trustee must present evidence of fiduciary capacity and evidence of his/her authority to open an account on behalf of the trust.

Estate Deposit Account

- ▶ An Estate Deposit Account is established to provide the representative (who may or may not be the executor) of an estate with an easy way to manage and distribute the estate's property.
- ▶ The account can be opened only by a representative of the estate.
- ▶ Court documents showing the representative's appointment and a death certificate must be provided at account opening.
- ▶ Online access provides a quick, convenient way to obtain copies of checks for estate settlement.

Your funds are safe

LGFCU is federally insured by the National Credit Union Administration (NCUA), a federal agency that administers the National Credit Union Share Insurance Fund (NCUSIF). The NCUSIF, like the FDIC's Deposit Insurance Fund, is a federal deposit insurance fund backed by the full faith and credit of the U.S. Government.

- ▶ The combined balances of your individual accounts are insured up to \$250,000, including checking, share, Share Term Certificates and Money Market Share Accounts.

- ▶ Joint accounts are insured up to \$250,000 per each owner on the account. The most share insurance coverage any one member can have as a result of joint ownership is \$250,000, regardless of the number of jointly owned accounts.
- ▶ The combined balances in your retirement accounts are insured separately from your other accounts, up to \$250,000.
- ▶ Educational savings accounts are insured separately from your other accounts, up to \$250,000.
- ▶ Payable on Death (POD) Accounts are insured separately from your other accounts. Each owner is insured up to \$250,000 per beneficiary; naming the same beneficiary on more than one POD Account doesn't increase the insurance coverage.
- ▶ Deposit Trust Accounts are insured separately from your other accounts. Each beneficiary account established under a trust arrangement is insured up to \$250,000.
