

LEVEL UP

FIND THE WAY TO SAVINGS!

Are your children rookies who spend all the money they earn instead of saving some? Are they pro savers who spend some, but save a little too? Or have they reached the elite level where they've learned to save more money than they spend?

What kind of savings heroes do you have? Find out with the 30-Day Kids' Challenge! To keep filling up their savings jar, kids will need to avoid tempting treats, candy curses and worst of all – the savings stealer! See what level your little saver reaches.
